# Tips for Boating in the Fall

# Tips

The end of summer doesn't mean the end of the boating season. With crisp, cool air, beautiful fall colors and fewer people on the water, autumn might be the best time of year to go boating. However, shorter days and cold water can make for dangerous situations.

Here are a few tips on how to stay safe and enjoy boating in the fall.

## 1. Wear a PFD

Boaters should always wear a PFD. But it's even more important when it's cold. During autumn, the days might be warm, but chilly nights mean the water is very cold. Wearing a PFD will help protect you from the initial shock if you go in the water.

## 2. Have Lights

Darkness comes earlier each day during the fall, and boaters can easily get surprised by it. Be prepared with a waterproof headlamp and/or flashlight. You should also check that your navigational lights are working properly.

## 3. Watch the Weather

Autumn storms can form unexpectedly and often bring strong rains, winds, and significant temperature drops. Keep an eye on the weather before and during your trip so you're not caught by surprise.

# Tips

Here are a few tips on how to stay safe and enjoy boating in the fall.

## 4. Have a Versatile Boat

Crownline's canvas and bow close-out doors can help shield you from the elements and extend your boating season when cooler temperatures set in.

## 5. Dress Appropriately

Fall days can bring significant fluctuations in temperature and conditions. Dress in layers so you can adapt if it gets warmer or cooler. Also bring rain gear and a change of clothes.

## 6. Have a Float Plan.

Let someone know where you'll be and when you expect to be back. At this time of year, if you do get in trouble on the water, time is of the essence.

Department Seeks Local  
Proposals for Public  
Outdoor Recreation Projects

The Maryland Department of Natural Resources announced that counties and municipalities can now apply for grant funding from the National Park Service's Land and Water Conservation Fund. Local governments should submit preliminary application forms by Sept. 19.

Land and Water Conservation Fund projects must be in direct support of public outdoor recreation. Eligible proposals include the acquisition, development, and maintenance of outdoor recreational areas, facilities, and properties, including athletic fields, boat launches, fishing piers, playgrounds, trails, and more. Municipalities and counties are eligible for up to a 50% matching fund with requests capped at \$1 million.

## Apple Cinnamon Pancakes

### Ingredients

#### Pancakes

- 3/4 cup milk
- 1 1/2 tablespoons vinegar
- 1 cup flour
- 3 tablespoons sugar
- 1 teaspoon cinnamon
- 1 teaspoon baking powder
- 1/2 teaspoon baking soda
- 1/2 teaspoon salt
- 1 egg
- 2 tablespoons oil

#### Apple Topping

- 2 tablespoons butter
- 2 apples, peeled, cored, and diced
- 2 tablespoons brown sugar
- 1/2 teaspoon cinnamon
- 1/3 cup maple syrup

### How to Make

1. Preheat a skillet to medium-high heat (275 degrees).
2. Whisk together the milk and vinegar and allow to rest for 5 minutes.
3. While milk is curdling, whisk together flour, sugar, baking powder, baking soda, and salt in a large bowl.
4. Whisk egg and oil into milk. Add wet ingredients to dry ingredients and stir until combined (don't over-mix, it should still have some lumps).
5. Spray skillet with cooking spray. Use a 1/4 cup measuring cup to pour batter onto skillet. Cook about 2 minutes until bubbles form and the edges start to look "dry". Use a spatula to flip the pancake and cook another 1-2 minutes on the other side. Set pancakes aside and repeat with remaining batter.
6. Add butter, apples, brown sugar, and cinnamon to a medium sauce pan. Stir over medium heat 3-5 minutes until apples are very tender. Stir in syrup. Serve apple topping over warm pancakes.

Fluffy cinnamon pancakes with ooey gooey apple topping! The perfect Autumn breakfast.
